

Full range of Bakery Ancillary items

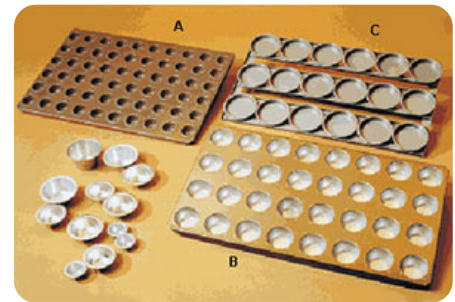

Description

The ancillary baking range is constantly being updated with the recent addition of torte rings and squares, decorative shape moulds, V-form terrine moulds and grizzini trays, all of which may be glazed with food grade fast release coating.

Many of our products can be modified to suit your individual needs, and all manufactured products come with a lifetime structural warranty. The international trend toward mandatory colour coded brushware and cleaning aids is gaining momentum. ABPATlas recognise that attention to hygiene is paramount in the food industry and are proud to be stockists of the most technologically advanced range of cleaning products.

Muffin Trays

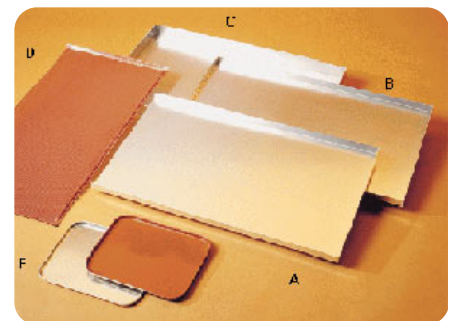

Muffin trays are manufactured with varying cup sizes, from mini one bite to the extra large Texas muffin. Tray sizes and configurations can be manufactured to suit your needs. Roll trays can be fitted with 4 and 5 inch pans. Food grade fast release coating can be applied to all trays.

	Product	Top	Base	Depth

Forms, Moulds and Cutters

We have wide range of forms, moulds and cutters for your every need. Generally manufactured from high grade stainless steel, these forms are as durable as they are imaginative. Coatings may be applied for fast release or used in association with non-stick mats to ensure easy release of even the most difficult products.

Bread Pan Sets and Lids

Available in 340gms to 900gms, braced in sets to suit your racks. Constructed from aluminised steel designed to prevent oxidation and coated with food grade fast release coating. Pans can be manufactured with or without fluting and steam holes. Drop on lids are slotted to improve airflow and are available to suit your set size.

French Stick, Grizzini Trays and Cooling Wires

French Stick Trays are manufactured from perforated aluminised steel and coated with food grade fast release coating. Although 4 & 5 impression trays are most common, they can be manufactured with any impression configuration. Flexible red rubber forms are now available in Australia. Grizzini trays can be manufactured from lightweight aluminium to your own specification and coated to ensure easy release. Cooling wires are hygienically chrome plated and designed to suit your rack size.

	Product	Dimension	Profile	Impressions
A	FS Standard/16	737x406	65x32	5
	FS Standard/18	737x457	65x32	5
